

Meeting 2017-11-22

Present: Josefin, Felix, Oscar, Rasmus, Adam

The next week's schedule

Tuesday 15-17

Wednesday 9-17

Thursday 15-17

How do you feel about the group?

The project feels a bit messy, we might have to divide the work in a better way. Go through the delegated parts after work has been done.

Have you run into any problems?

Standard problems with Papyrus and Git.

What progress have you made?

We have basically finished the class diagram.

We managed to get the code generation to work.

A clearer idea of how the missions/project will work.
